

Know Your Food, Know Your Farmer!

Food & Farm Initiative

Vernon County Direct Marketers

Do you enjoy fresh fruit and vegetables? Sustainably produced meat? Locally made honey and syrup? Would you like to meet the farmer that grows your food? Below you will find a list of farms that sell **locally** grown products directly to consumers in Vernon County.

If you are a direct marketer of produce, meat, or other food items in Vernon County and are not included on this list, please contact Nicole Penick at (608)637-3615 or vsnnicole@gmail.com

VSN developed the Food and Farm Initiative (FFI) to address the needs and concerns relating to the food and farm system in southwestern Wisconsin. The program addresses issues of production, processing, marketing and consumption from a local perspective both to determine and positively resolve those issues. The goals of the Food and Farm Initiative are to encourage the development of a sustainable, local food system by:

- * Engaging, educating and mobilizing a broad network of area residents;
- * Improving access to healthy, locally produced foods;
- * Strengthening the economic viability of regional agriculture; and
- * Addressing the issue of institutional barriers for local producers.
